One week programme on Patent Application Drafting and Filing (27-31 August 2018)

About IPFC

The Intellectual Property Facilitation Centre (IPFC) for MSMEs has been established at **ni-msme** in the year 2009-10, sponsored by Development Commissioner (MSME), Ministry of MSME, Govt. of India. The center conducts various awareness and training programmes, seminars relating to IPR at both National & International level.

Rationale

Patent is a techno-legal description of the proposed invention. Patent discloses the invention completely and in turn the inventor gets the monopoly rights for the invention. Protection of invention is effective only if the patent application is drafted well. The drafting of a patent specification is a highly skilled job, requires a wide knowledge of patent law and practice, a capability to understand and describe the technology involved, and the skill to bring this all together and to put it in writing. In fact, it requires specialised drafting skills and deep knowledge of the subject matter to protect all aspects of the invention.

The present training programme highlights the Patent law in India, Inventions that are not patentable under Indian Patent Law, Types of Patent Applications, Patent filing process & procedure, PCT system, Government schemes. It also addresses the theoretical and practical aspects relating to patent drafting and provides knowledge on the patent application procedures, different types of claims, and claim drafting, in compliance with procedural requirements.
